From Washington. WASHINGTON, October 19 - The following was received at headquarters to-day;

CHATTANOOGA, October 18. To Major General Halleck: The following dispatch has just been received from Brig. Gen. Crook, commanding the 2d cavalry division, dated Rogersville, Oct. 10:

I have to inform you that I have had three fights with the enemy since I left the Sequatchie Valley, whipping him very badly each time. The last battle ended at Farmington, Tenn., where I fought Wheeler's entire command with but two brigades. I cut the force in two, scattering a large portion, and capturing four pieces of cannon, 1,000 stand of cavalry arms and 240 prisoners, besides the wounded As I pushed on after the enemy. I was unable to ascertain the number of his killed and wounded, but it was very large. They were scattered over a distance of fifteen miles. Their retreat was a perfect rout, their men deserting and straggling over the country. I pushed them with great vigor, but their horses being better than mine, I was unable to come up

They left two regiments at Sugar creek to detain me. I made a charge upon them, taking 500 prisoners and scattering the remainder. On reaching the river, I found they had all crossed at a ford three miles above. When they commenced to cross I never saw troops so

I am satisfied their loss in this raid was not less than 2,000 No tears need be entertained of their making another raid.
